"Managing Stress & Employee Wellbeing During a Time of Crisis"

Session Description:

As organizations and their people continue to adjust to new ways of working, wellbeing of employees has become a key priority. Many organizations are exploring ways to support human connection in a more virtual world and focusing more than ever on the mental, physical, and financial well-being of their people. In this session, we will discuss the impact of our changing routines and share some steps organizations and individuals are taking to help stay happy, healthy and fulfilled during these uncertain times.
